Subject: Re: Clean Up Penrose St - Sun Valley

Hello there. Are you talking about the Penrose offramp of the 5 freeway? This is located in Council District 6, so you would continue to work with the CD6 field deputy out there, which I believe is Caroline (contact info below and I am cc'ing on this email as well). Dominique, our caseworker, is continuing to work with our Senior Lead Officer Wall on the two RVs that periodically park in CD7 on Penrose at the Sunland intersection. Also, I wanted to share links to the district maps for both CD6 and CD7 below so it is easier to see which district covers which area. Thanks for reaching out, and we will keep you posted as we have updates.

I wanted to follow up and see if a date has been set for the Penrose off ramp clean up? And if a date has not been set up why not? If it has not been set yet who are the parties that need to get this taken care of?

Good morning,

I can imagine how it may seem that there have not been any clean ups because the trash is endless. I assure you I have sent internal teams to pick up trash on three occasions since my last email. Unfortunately, the RV occupants continue to bring more and more trash back with them. This location is on the list to have a comprehensive clean street project where we hope to clear the sidewalks. In this clean up both Sanitation and PD are involved. Unfortunately we simply cannot go and throw away all the things outside the RVs because it could be personal property no matter if it looks like trash. We have to provide them with a notice that we will be coming. As far as the RVs on Penrose, I continue to push this information to the Department of Transportation to cite them since they are not allowed to park there during the hours of 2-6 am.

Now, I also saw that there are two RVs parked above Sunland Blvd and that is a red zone due to their proximity to the schools. That area however belongs to Council District 7 and I have CC'd a representative for that office in this email who will also be able to help in this matter.

Thank you,

Dear Caroline,

Thank you for your email on November 19, 2018, addressing the efforts being made to clean up Penrose St. in Sun Valley. Unfortunately I have not seen any clean up actions taken place on Penrose street and now the motorhomes have moved all the way up Penrose above Sunland blvd. What is so awful is that it is not just morotorhomes but an **outrageous** amount of **trash** and **junk EVERYWHERE!** This can not be healthy or safe for our community. The mororhomes that are now parking on Penrose above Sunland Blvd. are within walking distance to three elementary schools. This is now a huge safety concern for all those children, especially the ones that walk to school everyday and may come in contact with potentially dangerous individuals.

Please direct me to the people in our community that can help with this problem. Does the police department or the sanitation department need to be contacted to help with this issue? We **CAN NOT** have homeless people & unsanitary conditions next to our communities elementary schools.

Please advise me what actions can be taken to help clean up our community and make it safe for our children.

Thank you for your time,

[REDACTED]
